Dear Pastor and Church,

To God be the glory and in behalf of our church I just want to thank you all for faithfully praying and supporting God's ministry in the Philippines. In the past months we've been doing Bible Studies as it was and outreaches as well. Please do continue to pray for our church needs hopefully we can be able to have fence around our church area little by little we do pray that every single of church needs will be met to make this place presentable and become a living testimony by preaching purely God's Word and turn many would come to know Christ as their Saviour. Include us in your prayers as we pray for you...
