Pastor Randy Santos
CFBC- Dinalupihan Pastor

Dear Pastor/Friends,

Greetings to our Lord and savior Jesus Christ and to my fellow pastors, brothers and sisters in the Lord I would like to express a great gratitude for all of your support and love in ministry here in the area of Dinalupihan, Bataan, Philippines and we also want to address that we are doing our best to reach our fellow brethren to the Lord in behalf of this pandemic and I know that we all facing dreadful happenings this past months but we all know that God keeps his sons on his hands and he'll never let any storms to devastate us.

The start of this year is more challenging to us Christians specially to the virus that gives burden to us all. The Christian gatherings in churches, fellowships and to worship God every Sunday here in the Philippines is been banned without social distancing and also the age limit that has been given by the government that 21 yrs old below and senior citizens is not allowed to go out without permission by authority and also the number of crowd and mostly of our members were thoroughly affected by this pandemic, not only for the risk it may take to their health but also the shortage of needs and some of our members can't be reached in the area of Porac Pampanga because of this pandemic.

Now we are looking forward giving our best as we can to continue to worship God even if we were few that gathers in the church because some of our members can't be reached and were afraid I hope and pray that they see that they need God because this time that we face nowadays we all need more guidance and presence of our Lord, we need to trust him more that he is the most powerful God the healer and the life we just need to trust to his promises. On the other hand this days we were living also in the Internet world through social media we can reach the one that we can't reach. Internet gives us a big help to reach our members and also use it as the medium to proclaim that God is truly alive and address his words and promises by messenger or uploading a video preaching the word of God.

Meanwhile even though this pandemic occurs and we were all affected by it I would like to consider that we all appreciate and thankful to your continuous adherence, fidelity and giving a big love to our ministry we are very grateful to all of you and we will continuously approach and reach out to address further news or progression of our ministry.

Through this pandemic God is calling us to reach him more and reach our fellow brethren and I know that we were also in time of challenges and needs but we are hoping that you continuously having partnership to us and continuously help, pray, and support for our ministry, for our people and most of all for our Lord Jesus Christ.

Thank you and we are also praying for all of you... God Bless Us All...

Sincerely and your brother in Christ,

Pastor Randy Santos
