the people perish:*

- PROVERBS 29:18 -

Dear Prayer Partner.

First of all, I want to exalt the Name of God in His greatness in my life. I also praise God because He has given us a Partner/ Pastor who continues to inspire us to work in God's Ministry. Personally, Thank you once again, for your love, prayers and financial support. We cherish them more than we can explain. Knowing so many of you praying and supporting for us makes the journey much easier.

In recent months, we all know that life has not been easy because of the pandemic that is taking place until now. Yet God has been great in his work here in the Cacarong area and thank you pastor for always supporting the work of God.

#### Pandemic time

The year 2020 is truly a big challenge to us. The Covid 19 Pandemic required many adjustment to church services around the globe. But by God's grace and mercy we abled to continue our services in the middle of pandemic. We didn't stop sharing His Word to the people especially to the members of SCBC cacarong. There are times that we record the preaching Saturday afternoon and then we send it to all the members Sunday in the morning just to continue worshipping and equipping them by God's word. The year 2020 had thought us many lessons, but above all these, no matter how hard our journeys as Christians in the said year, we really appreciate and give to God the glory that by His grace we surpassed all the trials brought by this pandemic.

#### Church Growth.

Our people here started to grow spiritually and understand the purpose of God and the Church. We started to grow in numbers that's why we need to pray for another Mission house. Before the year 2020 ends, God gave us a new worship place much bigger and comfortable than the old one. Truly God is good and He is true to His promises. Some of the members are growing spiritually, they started to be part of the ministry and enjoying God's vineyard. They are always willing to support and help us at their best.

## *Church Services*

This year, despite the shortcomings and failures God allowed a new work to begin in the area of Bfp, Cacarong. To be able to start and open a New Mission House. And despite the pandemic many people know God and continue to serve. now God's blessing continues and his work continues and as time goes on more and more attendees because of God's Amazing Grace.
