**Dear Pastor and Prayer Partners,**

To God be honored and glorified, great things he has done!

Since February 2022 I left the mission work that God had led me to start at Alaliniao to accept pastoring our home church. I know it's only by His grace that I became a pastor so I submit to whatever his will in me and my family.

Indeed, God has called the New Hope Baptist Church to be mission centered. Despite the lack of financial to send out missionaries, the church have been able to send out two more this year. Our church is now facing a financial crisis but by faith we have planned our annual activities. The big events that we are praying for financial needs is our Cheerful Giving conference this July 28-30, Mission's conference this October and Family camp this December.

We don't lose faith to God despite this struggle. Please pray with us, that God will provide the needs of our church. I am also writing to you to please pray for my family for our monthly financial support. I manage the bible institute that the church have started and we plan to buy uniforms and print IDs.

My health decline because of stress facing many problems, trials in life. My wife and I are still very grateful, especially God gave us a very great blessing for having a son that we have been praying for almost 5 years. Jahziel my son turned 1 last June 2, 2022.

Praise God for the many activities we have this year to keep us busy. We just finished our DVBS, sports fest, music class and Youth Revival the last two months. We have a church wide soul winning, Youth and Adult Fellowship, Men and Women Fellowship. We also minister to the needy people through our Family Development Session for the poorest families in our municipalities. We minister to them through the Word of God, while the Government is helping them through financial.

The Soul Winning Action Team (SWAT Team) is now a church planting team because two of our SWATS are now in the field full time. We plan to plant more churches and missions around our province of La Union and we plan to reach municipalities and villages that are near us.

We thank you so much for your partnering with us in the Philippines. We know that your labor is not in vain. We love you in the Lord!
