

Dear Pastor/Churches:

Greetings to you all in the precious name of our Lord and savior Jesus Christ, the author and finisher of our faith according to his mercy and love.

First of all may I ask of beg for your kind consideration for not sending my report to all of you my supporters. Due to this pandemic which lasted for more than two years and until present still it is not uplifted or COVID's sub-variant is still around in our country. Due to this pandemic post-office in the country remains closed.

It's only now that national and local elections is over that post offices are open thou rumors coming from certain health offices that there will be lockdown after the said election, but thank the Almighty thou our fervent prayers rumors about lockdown did not push. That is the main reason that I was able to send my report.

Although the pandemic is still existing in our country praise God that the ministry entrusted to me is continuously having church services every Sunday. Thereby, the word of God is shared to our people in our country most especially the Gospel of Salvation.

During the month of April we were able to attend a young people's camp. I thank the Lord because the participants to that said camp was very much challenged and rededicated their lives to God's vineyard most especially our young people.

Our two missions in the other hand had built their temporary church building made of local materials found also in our locality. Though they are sitting on benches made out of round logs they are enjoying their church services and so much dedicated in serving our Father in heaven.

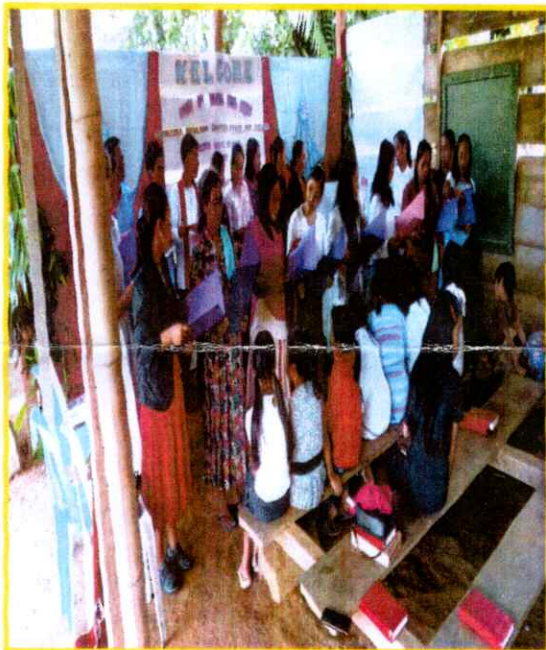

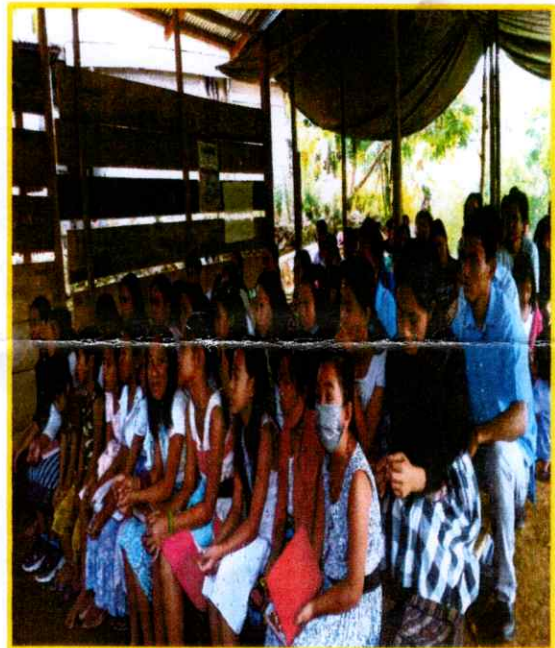

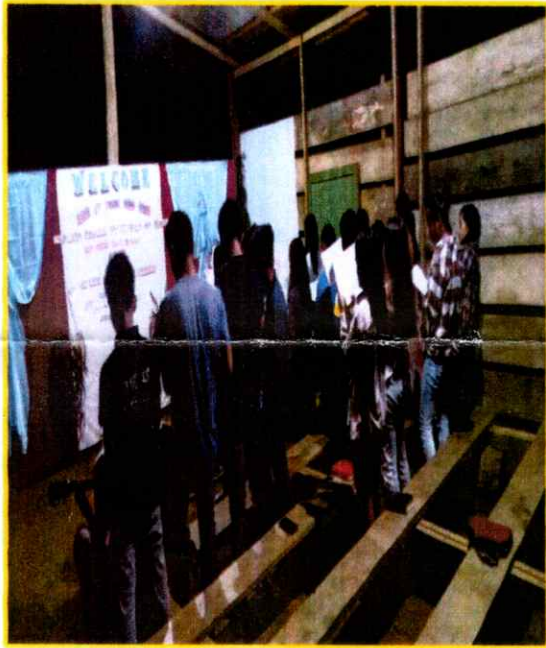

Thank you very much for your financial support and most especially your fervent prayers, love and care to us. I Cor. 15:58 Your labor and love is not in vane in the sight of God. We love you and always praying for you as our partner. God Bless you all.

Your partner,

Rolando Cabudol

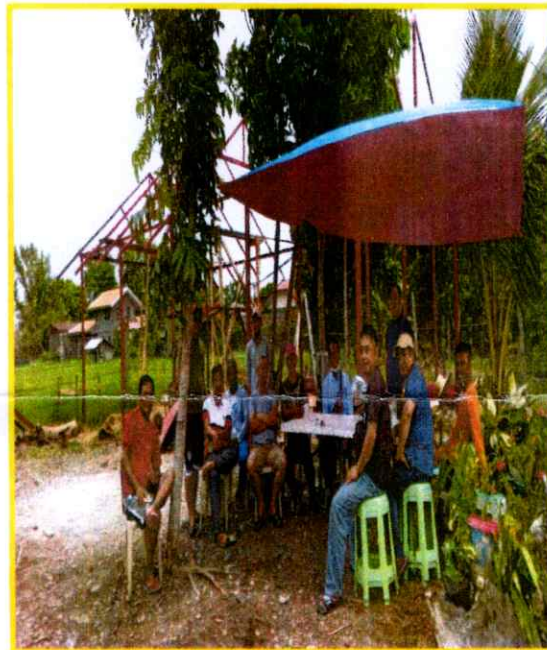

Mission Anniversary March 20

I was called to be a guest speaker on their church anniversary. And they are praying and hoping to have a church building and needs for their church.

Constructed the temporary mission building

We the group of pastors helped one another in times of crisis or needed help.

Summer camp in the jungle

Despite of the location the youth campers excited and enjoyed serving and praising the Lord. It touches their heart when most of the pastors preached the gospel. They did not just enjoyed having camping but enjoyed listening the word of God with the other youth.
