Second Quarter Report for the Year 2025

Dear Brethren in Christ and Prayer Partners,

Warm greetings in Christ's most Precious Name! We continually praise and thank our Almighty God for his never-ending grace that kept on sustaining us.

I humbly apologize for I couldn't go on details of those that has happened these past few months because as we get older, we tend to forget a lot, especially now that our daughters who have always been our reminders have been busy in their work and education.

On May 5, I was given the opportunity to Preach God's Word in our Grand Reunion held here in the backyard of the parsonage. We humbly ask for your prayers that those who heard the Word of God, wherever they are, seek to continuously hear it and eventually accept the Lord Jesus Christ as their Savior, and though we may be far apart, I hope they find peace and joy serving Christ as just we are.

Two brethren, despite the bad weather where heavy rains kept falling and the water in the river is as brown as the mud, have also obeyed the Lord in water baptism on June 28, it didn't stop them from obeying the Lord. We once again humbly ask that you pray with us that they grow in knowledge through God's Word and that they would continually serve the Lord with passion and eventually bring their family members to church and be more involved in our church ministries. The two brethren, Bro. Dante together with his one daughter and Bro Louie although are men, are the ones in their family who are attending our Church Services. And do help us pray that there would be more who understood the way of Salvation and willingly obey our Lord in water baptism.

Rainy days came early, and it has been affecting our Saturday Visitation, for mostly all the places we visit, we must walk up, and the rains make it difficult to reach them for it makes the path slippery. And do continually help us pray for our church funds that we may resume the construction of the parsonage, for the new rooms have been flooded as the rainwater crept in the surfaces or even the walls, and we do hope to reinforce or even reconstruct the old parsonage that we are using as a kitchen, living room and dining room, for the roof has been also leaking every time it rains.

Our pianists have grown too fast that two of them are to graduate in Senior High School next year, and they must move out our Municipality to go and study for their college diploma, leaving the youngest, Ezra who is currently in Grade 10. We ask that you help us pray for interested young people who are willing to learn play the piano and do help us pray for new keyboard as the one we were using has faulty keys, and we have also sent it for repair for three times already.

We would like to extend our deepest gratitude to you have helped us pray for one of my daughters, she has already found a job, and she is currently learning how to drive a motorcycle for her work involves going to remote areas here in our municipality which are in the mountains. Do continue help us pray for her safety every time she goes out and if God willing, she'll be driving a motorcycle to go to work.

Thank you so much brethren for your never ending and unfailing support through prayers and in kind. Let us continue serving our Lord and Savior joyfully.

CHURCH PRAYER REQUESTS:

1. Needs for the continuous Church Project (Parsonage)
2. More souls to be saved – more Bible Studies and Visitation Sites as well as opportunities to Preach God's Word
3. Salvation of the attendees in our church – some attendees came from different religion so we pray that they would understand the Word of God being preached especially the way of Salvation
4. Interested Young people to willingly learn to play the piano.
5. New Keyboard
6. Spiritual Growth & Faithfulness

FAMILY PRAYER REQUESTS:

1. My son Genesis – we would love to have him join us in the Church and be involved in the church
2. Good Health – do join us in praying for our health, my wife, mine and our children's
3. Faithfulness

Your Missionary,
Pedrito P. Pulmano
