Happy new year everyone, Greetings from the Philippines.

As we travel on the last quarter of the year 2025 I have a great challenge with my health, I was High blood and hospitalized but thank God, He saved my life and now I slowly going fine. I can preached and teach the word of God where He leads me to go . Therefore I covet your prayer for my health and the ministry that God en trusted to me. The ministry is still going and doing on. Thank you so much for your unceasing support and prayers, may the Lord Repay you all. And thanks to those God used to gave bibles for our members and new christian have no bibles yet. God bless you all brethren.

Your partner in the Lord's vine yard;
